Family Outreach FES Service Area

19
Counties

Family Education and Support (FES)

3-8
YRS OLD

Montana FES Services ensure that families have access to programming with comprehensive supports and services. This means that the staff will work closely with your family to provide support based on your child's needs and your family's priorities. These services are provided in your home. While this service has a waitlist, we work hard to provide families with services quickly.

FES, Intellectual Disability

8-16
YRS OLD

For children aged 8 to 16, eligibility for FES is dependent upon eligibility determination for the Developmental Disabilities Programs, HCBS Waiver. Children & families actively receiving FES services before age 8 will be assisted through this process with the support of their Family Support Specialist, starting at age 6.

Quality services to support people in achieving their potential for a full life.
